Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Students should plan for six or fewer years of training on campus followed by one year of clinical internship.

Students entering with a master's degree may transfer course credit and thesis requirements depending on the judgment of the Program.

**Program Costs**

Description	2015-2016 1 <sup>st</sup> -year Cohort Cost
Tuition for full-time students (in-state)	0
Tuition for full-time students (out-of-state)	0
Tuition per credit hour for part-time students ( <i>if applicable enter amount; if not applicable enter "NA"</i> )	N/A
University/institution fees or costs	\$60
Additional estimated fees or costs to students (e.g. books, travel, etc.)	Variable

All students admitted to the Clinical Psychology Program are financially supported for a minimum of four years and historically all students in good standing have been fully supported until graduation and it is anticipated that this policy will continue. Financial support includes full tuition remission, health insurance, and a monthly stipend. The current minimum monthly stipend is \$2142 (12 mo. \$25,700). Students are responsible for paying student activity fees (\$30 per term). Support is available through a variety of sources, including: graduate student researcher positions, teaching assistantships, teaching fellowships, several competitive University fellowships, several National Institute of Health (NIH) training grant fellowships, and competitive individual NIH and NSF fellowships. Program and Departmental funds are also available to partially support professional travel to scientific meetings and research expenses.

Of the 50 students admitted in the past seven years, a total of six have left prior to graduation, four for personal and two for performance reasons.

## Licensure

Outcome	2005-2015
The total number of program graduates (doctoral degrees conferred on transcript) between 2 and 10 years ago	54
The number of these graduates (between 2 and 10 years ago) who became licensed psychologists in the past 10 years	36
Licensure percentage	67%

Of the 54 students who have graduated between 2005 and 2013, 67% have received licenses. Those graduates in research positions often do not seek licensure. One hundred percent of those who have applied for licensure have received it ([http://c.ymcdn.com/sites/www.asppb.net/resource/resmgr/EPPP\\_/2012\\_ASPPB\\_Exam\\_Scores\\_by\\_Do.pdf](http://c.ymcdn.com/sites/www.asppb.net/resource/resmgr/EPPP_/2012_ASPPB_Exam_Scores_by_Do.pdf)).
